

## **Australian and New Zealand Society of Indexers' Medal 2010**

The Australian and New Zealand Society of Indexers' Medal is offered annually to the most outstanding index to a book or periodical compiled in Australia or New Zealand.

This year only two entries for the Medal were received, which was disappointing after last year's strong field of eight entries. The judges were unanimous in considering that neither of the entries were sufficiently outstanding to warrant the award of the Medal.

The panel of judges this year again consisted of Alan Walker, indexer (convener); Garry Cousins, indexer and librarian; and Dr Jeremy Fisher, of the University of New England, an experienced compiler, editor and user of indexes. All three judges are previous winners of the Medal.

The judges encourage Australian and New Zealand indexers who are working on significant indexes to submit their work for the Medal next year.
