The Indexer: International news

Christine Jacobs organises a column of international news for *The Indexer*. Any reports from the conference will be gratefully received. Send them straight after the conference to Christine at cmjacobs@johnabbott.qc.ca. Please send them direct to Christine as I will be staying on in Tasmania.

Christine Shuttleworth is taking over as Executive Editor of *The Indexer* as from now. I will be the corresponding editor, so please let me know if you have any articles to submit, or any questions about the publication.

Glenda Browne.

Vic Branch meeting report: S.W.A.L.K. OR S.W.A.L. - Sealed, stamped and posted

On Tuesday 13th July last a number of hardy souls braced the winter cold to meet at the National Philatelic Archives for a wonderful evening of nostalgia and memories of collections of stamps that lay, usually unsorted, in boxes, tins etc. waiting for that 'rainy day' to have time to arrange them. Well fortunately our Host and Curator of the Archives, Liz Gertsakis and her staff haven't sat back and waited for those rainy days - they have put together a wonderful exhibition of our stamps from 1910 onwards, arranged in decades so that advances in colour reproduction from monochrome to polychromatic images, overlay techniques and all the other amazing progress that has come about in this century can be viewed in sequence. We also saw many of the unsuccessful designs which were submitted for special commemorative times such as coronations, bicentary, anniversaries of special events etc. The original dies from which the stamp design was produced are also on display, plus a few forgeries.

After viewing the exhibition we were fortunate enough to be invited upstairs to the workrooms where we donned soft white gloves and were shown the various finding tools which enable searchers to locate the stamps depicting the various themes and sets eg. sovereigns, ships, fauna and flora etc. The highlight of the night was when we were allowed to handle the archival boxes containing the artwork and documentation of each stamp issued since 1910, through the stages of original pencil sketches to coloured plates to reductions and then to the final superb colour original from which the stamps were produced.

Liz joined us for supper at a nearby restaurant where we continued talking about this fascinating collection.

NSW Branch activities

CINDEX/SKYIndex Workshop

The NSW Branch is holding a combined workshop on CINDEX for Windows and SKY Index on Saturday 21 August from 9.00am to 1.00pm. Frances Lennie from Indexing Research (US) will be presenting the former and Michael Wyatt, Vice President of AusSI will present the latter. Thomson Legal and Regulatory Group (formerly LBC Information Services) have kindly offered the use of their training room and computers so the workshop will be a real hands on session. The numbers are limited to ten participants so expressions of interest should be notified as soon as possible to Lorraine Doyle by phone at 02 8587 7229 or by email at Lorraine.Doyle@lbc.com.au.

The workshop costs \$75.00 for members and \$90.00 for non members and will be held at: Training Room Thomson Legal Regulatory Group, 100 Harris Street Ultimo. There is ample (and cheap) parking available at the Crown Casino Carpark which is less than 5 minutes walk from the Thomson Building.

Ask an Indexer

The NSW Branch is holding a workshop on Saturday 25 September from 9.30am to 1.00pm with panels of experienced indexers to answer any questions you may have relating to the skills of being an indexer. The aim is to provide an open forum for discussion; a 'nuts and bolts' session for people to further their expertise in either technical or intellectual areas. Topics will include indexing of books, periodicals and legal texts as well as web indexing, new indexing software and the business aspects of the profession.

Interested participants are welcome and encouraged to fax, phone in or email any specific issues or questions which they would like the panels to address.

Expressions of interest should be notified to Madeleine Davis by phone at 02 9514 3176, by fax at 02 4787 6069 or by email at redcliff@hermes.net.au.

The workshop costs \$30 for members and \$45 for non-members and will be held in the Board Room, New South Wales Writers' Centre, in the grounds of Rozelle Hospital. Enter the hospital from Balmain Road opposite Cecily Street and follow the signs to the Centre. Parking is available in the grounds.

Olympics Video Indexing

The recruitment campaign for Volunteers 2000 - the volunteer program for the Olympic and Paralympic Games - was launched on 9th October 1998. Australians were asked to register their interest to volunteer at the Sydney 2000 Games. What volunteer roles are there for information workers?

Main Press Centre research and information service - to provide a high quality responsive information service for print journalists.

Main Press Centre Help Desk - to provide a high quality information desk service for print journalists.

Olympic Village - The clients are 10,000 athletes and 5,000 officials; there are 3 integrated services - recreational library/reading room, music listening centre and Sydney 2000 Games video replay service.

Sydney 2000 Games video taping & indexing service - As provided at the last 3 Olympic Games, a video service will be available for athletes and officials at the Olympic Village, and also for accredited press at the Main Press Centre. This will involve copying the Sydney 2000 Games video 'feed', which involves video pictures accompanied by 'wild' sound only (no commentary, just the noise picked up from the venue) being taped, indexed and delivered to the Village and MPC Libraries for distribution. Athletes and officials use the video footage to analyse their own performances in heats in which they have already raced (and of course that of their competitors!). They find it a very useful service for their last minute race preparation. The press use it so they can write and file stories on events they were unable to witness personally (remembering that there are many competition venues and feeds from up to 32 simultaneous competitions). Although details are not yet finalised, the service will probably be located in the Olympic Village, which is an

extremely exciting venue to work in. We need indexers who are committed to the Games, experienced with video technology or willing to be trained up, fast, accurate, fit, able to handle stress and dedicated to delivering a high quality product as quickly as possible. This will be a high pressure but exhilarating job.

Volunteers must meet the following minimum requirements:

- Commitment to a high customer service standard
- Ability to speak and read English
- Willingness and availability to attend interviews and training sessions
- Willingness to work a minimum of 10 days (note we will need a longer period if possible)
- Successful security background check
- Agreement to wear the Olympic and Paralympic Games uniform
- Responsibility for travel to and accommodation in Sydney
- Minimum of 18 years of age at the time of the Games.

Qualified information workers who meet the above requirements, are committed to the success of the Games and wish to work in a Research and Information role should send a one page summary of their skills and experience to:

Indexers Available

For some years the Society has published *Indexers Available*, a list of indexers who are members of the Society and available to take commissions.

From 1999, the Society is making this information available on its Web site. The online version will be kept up to date with new and amended information. You can find an indexer by name, by subject competencies, by materials and formats indexed, and by location.

As well, each indexer's entry contains contact details, related services offered, like proofreading and editing, and some examples of publications recently indexed.

Indexers Available is available at <http://www.zeta.org.au/~aussi/indexersavailable/>. The Society can produce printouts of the listing for those without Internet access.

If you have not already done so, please check your details on the site (including all the links to your entry), and send any corrections to the Membership Secretary by either email at keyword@ozemail.com.au or fax (02) 9331 7785 before 6 September 1999.

Indexers Available works!

One indexer phoned me to say that he has already had two job offers through *Indexers Available* on the web - from Singapore and Hong Kong! So it works!

Indexing at AustLII - Footnotes

Here are the footnotes to Madeleine's article that was published last issue. They got dumped in transit, and I didn't know they existed. Check the AusSI website to see the links in context. Sorry Madeleine!
